

## **Allergy Shots Patient Responsibilities**

ALL patients are asked to:

- Wait at least 30 minutes after each injection
- Be seen for a follow up appointment at least twice a year
- Notify the nurse if there have been any changes in your medical condition(s) or medication(s)
- Notify the nurse if you are pregnant or think you may be pregnant
- Notify the nurse if you had any reactions to your last injection
- Notify the nurse if you have not been feeling well lately, have had a fever, have been coughing/wheezing or have had a significant increase in recent allergy symptoms
